

INTERCHANGEABLE BOLTED CLIPS ADJUSTABLE STAND OFF BRACKETS

Abey's Adjustable Stand Off Bracket is a very versatile tool that should be part of every plumber's kit. It comes in 2 parts, and with a pair of pliers can easily be snapped off to any required length from 30-60mm. Then fit them off as you would a normal Stand Off Bracket. They can be used in uneven wall situations to provide a straight fitting point. They can also be used in underfloor situations to fit off pipes. Simply snap off to create the proper fall allowance. Available in Powder Coated – White, Galvanised and Stainless Steel.

Abey's Adjustable Stand Off Bracket comes in two pieces. Simply measure the distance for the pipe to stand off the wall, and snap bracket to appropriate size. See instructional web video – www.abeytrade.com.au
