

Aquor® Universal Hydrant

An outdoor faucet you'll actually enjoy using.

Best do-it-all quick connect Hydrant with a check valve.

Recommended for decks, vehicles, bathrooms and more. Install as an inlet or an outlet, vertically, horizontally, even upside down!

Each kit includes one hose connector and swivel debris cover.

Components

Manufactured with non-toxic, lead-free stainless steel and eco-friendly polymers.

Enjoy leak-free water access with a simple push and twist. Gentle on hands and joints. Connector acts as security "key."

Standard 1/2" female NPT inlet included, optional 90° elbow also available.

To configure outlet as an intake, remove the check valve.
